

Company and Quality Policies

Company Policy:

As a trusted supplier of electronic components and supply chain solutions to original equipment manufacturers and suppliers round the world, Component Dynamics aims to provide the highest level of quality for its goods and services. Commitment to this standard is paramount to the long-term success and reputation of the organization.

Through ongoing monitoring and improvement of its Integrated Management System, Component Dynamics is committed to achieve the following organization objectives: maintaining high customer satisfaction, safeguarding the health and well-being of its workforce, adhering to all applicable regulatory and legal standards, and protecting the environment by reducing the environmental impact from its operations. Component Dynamics' Integrated Management System receives unconditional support from its management team along with the resources necessary to ensure its success.

Quality Policy:

It is the policy of Component Dynamics to provide our customers with the highest quality products and services that meet their expectations, satisfy all the applicable requirements, and continuously improve our quality performance. Through the implementation, support, and ongoing improvement of our quality management system, we ensure authenticity and exceptional reliability for goods and services.
